

With the PRO Series by SANYO, you can connect in less than a second to the world's largest push-to-talk community, millions strong. The PRO Series support a wide range of existing and new Nextel Direct Connect services, enabling you to take care of business at a whole new level.

> **DIRECT CONNECT®**

The PRO Series support push-to-talk calls between PRO Series devices and all Nextel Direct Connect devices, with the same instant connectivity that you've always known.

The PRO Series offer a blue backlit Direct Connect® button

> **ONE NUMBER**

The PRO Series use the same number for both voice and DC calls. Easy to remember, store, and use. All users can opt to maintain separate numbers if preferred.

> **VARIETY OF RINGERS**

The PRO Series give you the flexibility to customize your ringers and/or vibration modes for voice calls, DC calls and call alerts. Use the traditional Nextel "chirp" or select something new.

> **PTT Missed Call Notification**

When on a Nextel Direct Connect call, receive a notification that you missed a PTT call, Call Alert, or Group call.

Main LCD Sub LCD

> **RECENT DC LIST**

By pressing the DC button when the phone is idle, a list of the 60 recent Direct Connect calls is displayed for quick access to those you reach out to most often. Use the volume keys to scroll the list and press the DC button again to connect.

Main LCD Sub LCD

> **CALL ALERTS**

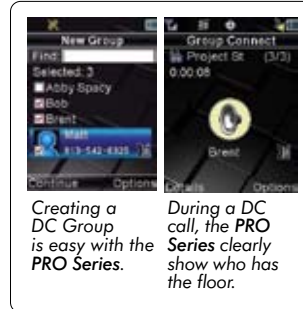

Call Alerts allow you to notify a user that you want to communicate with them using Direct Connect. You can also include a short message with the alert. To respond, the receiver just presses the DC button to initiate a DC call.

Sending a Call Alert

> **GROUP CONNECT®+**

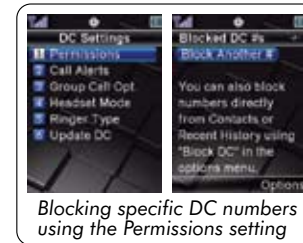

Connect with up to 20 others using Nextel Direct Connect on Sprint devices at the same time. Groups can be created "on the fly" by each user. The PRO Series enable you to see how many group members are on the call, when the floor is open and who has it.

Creating a DC Group is easy with the PRO Series. During a DC call, the PRO Series clearly show who has the floor.

> **DIRECT CONNECT PERMISSIONS**

Control who has instantaneous access to you – set permissions for either those DC numbers you allow or block specific DC numbers you wish to avoid.

Blocking specific DC numbers using the Permissions setting

PRO Series Specifications

BUSINESS TOOLS

> BLUETOOTH®

Compatible with Bluetooth headsets, hands-free car kits, dial-up networking (phone as modem), phone book, transfer (vCard), and Bluetooth printing. Also supports Bluetooth barcode readers.

Sprint Mobile Sync

Easy to use online tool that lets you manage all of your contact information online. You can also set up groups for PTT and text/voice messaging. Additionally, this feature automatically synchronizes this information between the online tool and your device, allowing for easier entry, easier access, and full secure backup of your contacts.

And your contacts will automatically transfer if you move to another Sprint Mobile Sync-capable device. So if you lose your device, your contacts are automatically restored for you.

Contacts are automatically backed up wirelessly.

Contacts and Groups can be set up online by a designated administrator and "pushed out" wirelessly to multiple phones.

E-mail and Messaging

The PRO Series support "push" email from popular sites such as Yahoo!, AOL and MSN as well as IMAP/POP3 accounts. Other messaging options include Text SMS, Voice SMS and Instant Messaging (IM).

Phone as Modem

With broadband-like speeds, the PRO Series can be used as a modem for your laptop PC via a Bluetooth® connection or an optional USB cable. Sprint Connection Manager software and the appropriate Sprint service plan are required.

Restrict and Lock

A great business management tool, the Restrict and Lock feature under the Settings menu allows you to pre-determine the allowed incoming/outgoing phone numbers and can also be used to restrict data usage.

Productivity Tools

To keep business moving, the PRO Series are loaded with helpful productivity features:

- > Voice Recorder (up to 10 hours of record time)
- > Alarm Clock
- > Calendar
- > Calculator
- > Stopwatch
- > Countdown Timer
- > World Clock
