Technical Specifications

- **Talk Time:** 21 hours!
- **Standby Time:** 13 days!
- **Battery Type:** 3240mAh non-removable Lithium ion (Li-ion)
- **Display:** 5" FHD, 1920 x 1080 pixels, 443ppi, Sapphire Shield
- **Operating System:** Android™9 (Pie)
- **Chipset:** Snapdragon™ processor with 2.2GHz x 1.8GHz, Octa Core CPU
- **GSM:** Quad
- **UMTS:** B8, B5, B2, B1
- **Memory:** 64GB KOM/4GB RAM microSDXC memory card slot (supports up to 512GB)
- **SIM Type:** Nano/4FF Size
- **Size:** 150.2 x 73.4 x 13.5mm (5.91 x 2.89 x .53in)
- **Weight:** 235g (8.3 oz)
- **Media Formats:**
  - Audio: AAC, AAC+, eAAC+, AMR-NB, AMR-WB, FLAC, MP3, MIDI, Vorbis, PCM (WAVE), Opus, QCELP, EVRC
  - Video: H.263, H.264, H.265, MPEG-4, VP8, VP9
  - Image: BMP, WBMP, GIF, JPEG, PNG, WEBP

---

### Highlights

- **Rugged, Waterproof and Drop Proof for your work and daily life —** Certified IP68 dust and waterproof*, and Military Standard 810G protections against dust, drop, shock, vibration, high altitude, humidity, icing and freezing rain, temperature extremes and more.
- **Sapphire Shield™ —** The DuraForce PRO 2's touchscreen is built for durability with Kyocera’s proprietary Sapphire Shield display. Second only to diamonds in mineral hardness, sapphire is virtually scratchproof and provides outstanding protection against impact damage. It also delivers exceptional protection from damaging real-world scenarios ranging from keys in a pocket to a face-first drop onto rocks, where independent lab tests show it to be far less likely to break than leading strengthened touch-panel glass.
- **Two-year Standard Warranty —** Made with Japanese quality and precision, DuraForce PRO 2 is backed by a two-year standard manufacturer’s warranty for added protection and assurance.
- **Protection in Hazardous Locations: Non-incendive Class I, Division 2, Group A-D, T4 —** Certified for use in classified hazardous work environments where concentrations of flammable gases, vapors, or mists are not normally present in an explosive concentration (but may actually exist). Ideal for plant and field operations that need maximum security.
- **More Camera Options —** Choose from a variety of photo and video options for capturing essential project data. 13MP camera + 5MP front-facing camera; Super Wide View 4K Action Camera for capturing a variety of shots. Underwater Mode* enables use of the phone’s hard keys for taking photos, recording video, or zooming in and out, all while underwater.
- **A More Secure and Personal World —** Fingerprint security sensor on the phone’s power button for biometric authentication and FIDO® app support allows simpler, stronger authentication for popular mPayment/mCommerce protocols.
- **Stay Productive —** Work efficiently and effectively with Glove and Wet Touchscreen Operation, enhanced Enterprise Grade WiFi for VoIP, and Android Enterprise Recommended.
- **Built for Push-to-Talk-Plus (PTT+)* services —** Large dedicated side button, loud dual front speakers, powerful battery, support for PTT accessories like headsets and Remote Speaker Mics. And one-touch PTT+ support over Wi-Fi and LTE means expanded coverage.

---

### Enterprise Mobility Highlights

- Tested and approved to support key Mobile Device Management (MDM), Enterprise Device Management (EDM), and Sales Force Automation (SFA) solutions and more.
- Enhanced security features including Secure Device Encryption with FIPS 140-2 validated cryptographic module (includes AES 128/192/256), Secure Boot, TrustZone® support for Trusted Execution Environment (TEE) and more. Supports secure data-at-rest and data-in-motion in the device to help ensure that your business communication is secure.
- Suite of EMM APIs for improved management of devices on corporate network.
- Android Enterprise Recommended® and Zero-touch support.
- Large 3240mAh battery, USB Type-C fast charging (Power delivery - PD2.0 compatible) and Qi Wireless Charging enabled.

### Functional Design Enhancements

- FHD touchscreen and improved display readability in bright outdoor settings.
- Loud, dual front speakers (106dB) and 4 mic noise canceling that allows you to hear clearly even in the noisiest environments.
- User-programmable PTT+ and Camera keys, for quick customized access to other device functions.
- Sapphire glass lens cover protects rear cameras (13MP and 4K Action Cameras)
- Gyroscope, 3-axis accelerometer, proximity sensor, ambient light sensor, compass and barometer.

---

1. Talk and standby performance may vary based on user settings, feature use, and network.
2. Certified waterproof for up to 6.5 feet(2 meters) for 30 minutes. Before immersing your phone in water, make sure all ports and covers are properly seated, with no foreign objects obstructing the seals, to maintain the waterproof capability. The phone should never be used under water with a broken or open SIM/microSD slot cover (located under battery cover). If your phone gets wet:
   - Water in the phone’s open microphone and speaker ports may affect outbound audio quality and speaker performance. These are temporary conditions and will subside once the phone is dry.
   - Dry your phone with a clean cloth before charging.
3. Avoid using your phone in saltwater. It is highly corrosive and can damage internal components and degrade the audio performance over time. Always rinse your phone in fresh water immediately after using it underwater.
4. Recognize touch input while wearing gloves up to 3mm thick, the material, texture and thickness of the glove as well as how tight your hand will impact performance. Individual results may vary.
5. Additional fees may apply.
6. Android Enterprise Recommended certification available soon in a future software update.
User Environment Characteristics

**Durability:**
- Military Standard 810G - blowing dust & sand/vibration/transit drop from 5 feet (1.5 meters) / functional shock / salt fog / solar radiation / humidity / temperature extremes / thermal shock / high altitude / icing and freezing rain / blowing rain
- IP6X - dustproof
- IPX5/IPX8 - waterproof / water immersion up to 6.5 feet (2 meters) for 30 minutes
- Non-Irradiated, Class I, Division 2, Group A-D, T4; protection in hazardous locations

**Operating Temperature:**
- -4° F to 140° F (-20° C to 60° C)

**Storage Temperature:**
- Less than one month: -4° F to 140° F (-20° C to 60° C)
- More than one month: -4° F to 113° F (-20° C to 45° C)

**Humidity:**
- 95% non-condensing

**Hearing Aid Compatibility (HAC) Rating:**
- M3/T3. TTY capable

Workforce App Enhancements

- Outdoor Report app gives you quick access to conditions all in one location for planning a productive work day or the perfect family outing: Weather Forecast, Tide Index, Solunar, Fish Finder, Sun/Moon Position, Compass with Tilt Meter, Altimeter and Barometer.
- Dura Grid widget offers popular settings uniquely designed with high-contrast, large icons for improved outdoor visibility and easy access with gloved hands.
- OfficeSuite for accessing work documents.
- Android Pay support.

Camera and Video for Business Use

- 13MP camera + 5MP front-facing camera; and Super Wide View 4K Action Camera.
- Underwater Mode, Continuous Shooting, Panorama, Scene Select, Auto Scene Detect, Color Effects, Slow Motion, Time Lapse, and Action Overlay.
- Live full capture and playback; 1080p at 30fps.

Battery Features to Keep Work Going

- 3240mAh non-removable Li-ion battery.
- Qi Wireless Charging.
- USB Type-C fast charging.

Enhanced Connectivity to Get Employees Online Fast

- 2G, 3G and 4G LTE Global Ready support plus LTE international roaming makes traveling simple.
- VoLTE for improved voice quality.
- Mobile WiFi hotspot capability, up to ten connections so everyone at the jobsite can connect.
- Enterprise grade WiFi® with 802.11 a/b/g/n/ac/r/k, 2.4 and 5GHz and WiFi Direct for max connectivity options on the LAN.
- aGPS with SUPL 2.0.
- Bluetooth® (5.0 + LE/EDR) wireless technology support and Bluetooth Smart Ready so that peripheral devices like heart-rate monitors, scanners and door security sensors can connect seamlessly.
- NFC support to easily exchange contact information, content, asset IDs, and mobile payment.
- WiFi CERTIFIED Miracast™.
- High-speed USB 3.1 and 3.5mm headphone jack.

Extras

- HD voice.
- Corporate (Exchange ActiveSync) and personal (POP3 & IMAP) email support.
- Language and keyboard support for English, Spanish, Vietnamese, Korean, and Simplified and Traditional Chinese.

Included Accessories

- Non-removable Li-ion battery.
- AC charger.
- USB Type-C data cable.
- Pre-installed SIM card.
