

sell it in 30 seconds

**Openly illuminating.
It's a bold statement – with countless interpretations.**

Featuring a stunning exterior with a glow-through dial pad, Innuendo™ opens to reveal a vivid 2.8" display, full QWERTY keyboard, and quick access to favorite social networking sites. With 3G capability, Innuendo delivers a rich media experience including advanced music, video and web browsing.

what's cool

key features

External Touch - Sensitive Keypad

Full QWERTY keypad

Multimedia rich capabilities

3.2 MP camera with Video

consumer experience

A sophisticated look combined with the new and different external glow-through keypad provides the "wow" factor.

The full QWERTY keyboard with emoticon, direct-to-text and pix buttons and camera key allows for fast, creative messaging.

Innuendo includes many features such as music player, video player, camera, and picture/video sharing capability.

With the 3.2 MP camera and camcorder you can take photos and videos and send to friends and family.

tell it

Did you know?

Innuendo has a concealed glow-through keypad and sub OLED display that disappears when not in use.

Did you know?

The proximity sensor makes talking on the phone a breeze by preventing accidental key presses automatically disabling external keys when phone is close to your face.

who to

For the social consumer who wants to stand out in a crowd and "wow" their friends with the latest technology and a boldly, sophisticated phone. The unique glow-through keypad provides vibration feedback and key beeps when touched.

easy to

Take a video

1. Press the CAMERA key
2. Press OPTIONS, (right softkey)
3. Select Camcorder mode
4. Press OK
5. Select

Video Mail - Video Mail is limited to 30 seconds in length.

Or **Long Video** - The length of a Long Video will vary depending on the quality settings and storage type used (phone or memory card). Video files larger than 580 KB cannot be sent.

Send pictures and videos

1. Press the CAMERA key or select Pictures from Home screen
