Bluetooth:
- Supports wireless headsets, hands-free car kits, wireless printing, and vCard transfer.

How to Pair a Bluetooth Device:
2. Select Add New.
3. Select the device you wish to pair with and press [menu/ok].
4. Enter the passkey of your device or follow the on-screen instructions.
5. Press SEND (left softkey) to send the passkey.

Make It Large:
In addition to the large, easy-to-read keypad with big numbers, Mirro allows you to quickly change the size of the font in most of the menus. Default font size is set to Normal, but it’s very easy to switch to Large. Note: Not all applications support large font options.

How to quickly change the font size:
1. Press [menu/ok] > Options (right soft key).
2. Select Large Font or Normal (menu/ok).
3. Some procedures to return to normal font size:
   - Press BACK key.
   - Press BACK or the side camera button.
   - Automatic Speech Recognition (ASR).
   - Call Waiting, use 3-Way Calling, or activate Speaker-independent voice dialing.
   - Allows you to place or receive calls, answer incoming calls by pressing BACK or the side camera button.
   - You can mute the ringer when receiving incoming calls.

Navigation Capable:
Mirro offers easy access to Navigation right from the main menu. Navigation, an optional GPS application, provides audio and visual turn-by-turn directions with full city mapping.

Sending Pictures From the My Album Folder:
1. Press > My Album.
2. Highlight a picture to send and press.
3. Press OPTIONS (right soft key) > Media Mail.
4. Select the recipient from the list or MULTIPLE recipients.
5. Scroll to the Priority field, and then select High, Normal, or Low.
6. To set the priority, scroll to the Priority field, and then select High, Normal, or Low.
7. In the recipients, message, audio memo, and pictures fields, enter the recipients' phone numbers.
8. Press SEND (left softkey) to send the pictures.

Media Mail:
You can send pictures to up to 25 people at a time using their wireless addressbooks or their phone numbers.

Sending Pictures To the My Album Folder:
1. Press > My Album.
2. Highlight a picture to send and press.
3. Press OPTIONS (right soft key) > Media Mail.
4. Select the recipient from the list or MULTIPLE recipients.
5. Scroll to the Priority field, and then select High, Normal, or Low.
6. To set the priority, scroll to the Priority field, and then select High, Normal, or Low.
7. In the recipients, message, audio memo, and pictures fields, enter the recipients' phone numbers.
8. Press SEND (left softkey) to send the pictures.
